

UP-FRONT PAYMENT OF YOUR CONTRIBUTION IN FULL

The Basics; where you are funding all or part of your fees yourself, payment of your contribution for the year in full at or before the outset of the academic year is our University's preference (but do see the details setting out other payment options). This removes any uncertainty around your ability to complete payment that could otherwise occur during the academic year and potentially impact on your ability to continue with your studies.

Available to; all students and sponsors.

Scheme terms and details;

- 1) You will be given the opportunity to make an online payment if you use our Online Welcome & Registration facility.
- 2) Outside of this facility our University is happy to accept payment of your contribution in full up front via all advertised payment methods.
- 3) Invoices are **not** issued in advance of enrolment for these up-front payments. Receipts can however be issued on request.
