Please indicate, below, whether you agree with the statements about the threshold standards of Leeds Beckett University's awards, student achievement and the conduct of the University's assessment processes, using as a reference the framework for higher education qualifications and applicable Subject Benchmark Statements / Qualification Characteristic Statements. Please also list any shortcomings and areas for commendation. You should expand on any issues you mention here in the main report. If any boxes are ticked "No" the Dean of School or nominee will be alerted and will oversee the response from the Course Director.

If your answer is 'no', please provide a brief statement (bullet points) of the respect(s) in which they fall short.

Actions from last year's report

(This will not be relevant if you are examining for the first time)

Yes

Areas of good practice/commendation

Any particular strengths or distinctive or innovative features in relation to learning, teaching and assessment:

As noted in previous years, the different methods of student assessment are an impressive feature of this course

Main report

In this section you are asked to describe more fully how the University has or has not maintained threshold academic standards and the quality of the student experience in relation to the course(s) for which you are the external examiner, using as a reference the framework for higher education qualifications and applicable Subject Benchmark Statements / Qualification Characteristic Statements.

Please complete all sections of the form fully and where not applicable please state N/A. Where applicable please also complete the sections for any collaborative provision sampled.

If you are an external examiner for any of the University's Pearson Licensed Centre Programmes (HND/HNC level) provision, please also complete the section on page 9 sections l, m and n entitled "for External Examiners Associated with Pearson Licensed Centre Programmes."

Professional Body Requirements

	Yes	No	N/A*
"In my view, the professional body requirements for this course have been met. *Not applicable if the course is not a professional body course please indicate here.	X		

If your answer is 'no', please provide a brief statement (bullet points) of the respect(s) in which they fall short.

(a) The operation and conduct of the Progression and Award Board (and/or Module Board meeting you may also have attended).

I was unable to attend the meeting, but I was able to review the final results. I am confident that operation and conduct will have been thorough and professional and was satisfied that the final results reflected

those that I would have expected consequent upon the assessments I had reviewed.

(b) The action, if any was required, taken in response to your report of last year. (This will not be relevant if you are examining for the first time.)

(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.

Similar to RICS and Chartered Institute of Arbitrators - who are the primary professional institutions with which I can make comparison

(d) The strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills.

As in previous years, students generally have a good grasp of subjects

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

Standards are appropriate for this level of course. Assessment uses various methods and examination papers are both testing and interesting. Marking is fair and feedback is often very extensive.

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment

The curriculum is extensive and interesting; the teaching is clearly of good quality and resourcing appears sufficient.

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

Not able to comment on use of it by students, but content is extensive.

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

Module content is extensive and covers necessary areas

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

This course has always been based on distance learning, so it has doubtless been less affected by lockdowns and changed methods of delivery during 2020 than others. As noted in previous years, within the constraints of distance learning, the course engages the majority of students and offers quality and variety, strong feedback and general support.

(j) The University welcomes external examiners' comments on its academic regulatory framework. Such comments may not have a direct bearing on standards set and achieved or the conduct of processes and so it may not be appropriate to include them elsewhere in this report or its summary. Please record any concerns or comments you may have here.

No comment

(k) Collaborative Provision: please include here any comments you wish to make on elements of collaborative provision for which you have responsibility (in addition to those you may have indicated previously in this report).

Not relevant.
