(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.

The performance of students seems comparable to other institutions

I was able to speak to two students (a final year and a second year) before the board and both were positive about their experiences and a credit to Leeds Beckett

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

I am happy with the standards and organisation design and marking of all the UK based work.

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment

Satisfactory

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

Due to Covid19 I was unable to visit Leeds Beckett so all work was viewed through the My Beckett portal. I had no problems accessing work.

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

Satisfactory

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

(j) The University welcomes external examiners' comments on its academic regulatory framework. Such comments may not have a direct bearing on standards set and achieved or the conduct of processes and so it may not be appropriate to include them elsewhere in this report or its summary. Please record any concerns or comments you may have here.

The way information is provided for the exam board is significantly different from my own institution. I may have some comments on this next year.

(k) Collaborative Provision: please include here any comments you wish to make on elements of collaborative provision for which you have responsibility (in addition to those you may have indicated previously in this report).

The RBS student submissions are not made through turnitin giving less confidence about issues such as plagiarism. They should be encouraged to use such a submission portal and to insist that students use it. Some of the student dissertations at RBS are not on subjects directly related to Quantity Surveying. Whilst the discipline is wide the signing off process by staff should ensure that there is a closer link to their discipline.
