(a) The operation and conduct of the Progression and Award Board (and/or Module Board meeting you may also have attended).

# External Examiner's report summary

I attended module boards, progression and award board, reassessment board during this academic year. Due to pandemic, all boards were conducted online. In my view, they were well organised and well conducted and I have no issues with the operation and conduct of these board meetings.

(b) The action, if any was required, taken in response to your report of last year. (This will not be relevant if you are examining for the first time.)

(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.

From my experience, the overall student performance is in par with other institutions i have been involved in.

(d) The strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills.

As a postgraduate course and with the practical nature of the course, mature students seem to perform well.

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

All assessments are prepared in advance and I have been given sufficient time for review and comment. Exam papers are appropriately designed and formatted with clear marking schemes provided. Questions are set at adequate level.

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment

the curriculum are well designed and teaching are well conducted, especially during the pandemic. however, i cannot comment on the resourcing .

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

Throughout this year, i have been given access to materials on Blackboard via MyBeckett which is very easy to access and easy to manage.

# External Examiner's report summary

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

I have been provided course works for comments throughout the academic year whenever the materials were ready. This helped me to spread the work load and i had enough time to go through them.

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

The research module and project module are well conducted.

(j) The University welcomes external examiners' comments on its academic regulatory framework. Such comments may not have a direct bearing on standards set and achieved or the conduct of processes and so it may not be appropriate to include them elsewhere in this report or its summary. Please record any concerns or comments you may have here.

(k) Collaborative Provision: please include here any comments you wish to make on elements of collaborative provision for which you have responsibility (in addition to those you may have indicated previously in this report).
