Main report

In this section you are asked to describe more fully how the University has or has not maintained threshold academic standards and the quality of the student experience in relation to the course(s) for which you are the external examiner, using as a reference the framework for higher education qualifications and applicable Subject Benchmark Statements / Qualification Characteristic Statements.

Please complete all sections of the form fully and where not applicable please state N/A. Where applicable please also complete the sections for any collaborative provision sampled.

If you are an external examiner for any of the University's Pearson Licensed Centre Programmes (HND/HNC level) provision, please also complete the section on page 9 sections l, m and n entitled "for External Examiners Associated with Pearson Licensed Centre Programmes."

(a) The operation and conduct of the Progression and Award Board (and/or Module Board meeting you may also have attended).

External Examiner's report summary

I have not yet attended any Boards in person.

(b) The action, if any was required, taken in response to your report of last year. (This will not be relevant if you are examining for the first time.)

(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.

The work I examined was comparable to levels in other and my own institution.

(d) The strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills.

The work I examined over the last year contained work which was stronger and weaker in terms of academic achievement. But generally knowledge, grasp of concepts and skills application was all of a good standard.

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

I found the standards to be appropriate.

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment

These elements all appeared to support student assessment achievement effectively.

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

My Becket is easy to access - the modules which need to be examined need to be uploaded and all the necessary details sent to me, to enable me to identify what needs to be examined.

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

This all appears appropriate.

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

I have not had any personal visits to the university yet, but staff appear to have positive student relationships.

(j) The University welcomes external examiners' comments on its academic regulatory framework. Such comments may not have a direct bearing on standards set and achieved or the conduct of processes and so it may not be appropriate to include them elsewhere in this report or its summary. Please record any concerns or comments you may have here.

I have no concerns at present.

(k) Collaborative Provision: please include here any comments you wish to make on elements of collaborative provision for which you have responsibility (in addition to those you may have indicated previously in this report).
