(a) The operation and conduct of the Progression and Award Board (and/or Module Board meeting you may also have attended).

# External Examiner's report summary

A combination of my newness in role, the virtual nature of the board (due to the pandemic), the short-time scales for receiving material in advance of the board, and the low numbers of students completing are issues that have made it difficult for me in this initial period of being an external examiner.

(b) The action, if any was required, taken in response to your report of last year. (This will not be relevant if you are examining for the first time.)

(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.

Due to low numbers of students completing I reserve my view on that matter.

(d) The strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills.

Due to the pandemic many students have had their studies disrupted so I have yet to build up a sufficient picture of strengths and weaknesses of students on the programme.

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

The information flow and low numbers of students continuing and completing this last year impede my view of the actual standards, strengths and weaknesses of the programme as experienced by students.

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment

Having taken part in a reaccreditation meeting with the course team and professional institute I appreciate that the programme is meeting professional standards through the curriculum. However, post that meeting and as a result of limited information flow and so few students completing this year, I lack insight into how the curriculum, teaching and resourcing is actually working to meet student needs and expectations.

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

I am not aware of this platform. If it could help me in my role I would welcome induction

# External Examiner's report summary

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

See (f) above

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

I do not feel able to comment on this due to lack of information

(j) The University welcomes external examiners' comments on its academic regulatory framework. Such comments may not have a direct bearing on standards set and achieved or the conduct of processes and so it may not be appropriate to include them elsewhere in this report or its summary. Please record any concerns or comments you may have here.

The programme is seeking to meet the expectations albeit in the light of COVID. I am aware and have been consulted about changes made to recruitment and admission in view of the pandemic. Re a change of syllabus and assessment for this coming academic year, I have yet to receive a response to a comment that I made to programme leaders about the necessity of removing a presentation from assessment.

(k) Collaborative Provision: please include here any comments you wish to make on elements of collaborative provision for which you have responsibility (in addition to those you may have indicated previously in this report).
