September Arrivals

If you're arriving in September, you'll receive an email inviting you to book a move-in appointment. Booking an appointment helps us manage the number of people arriving on-site during busy periods. These emails are typically sent in late August, so please keep an eye on your inbox.

Arrivals from October – August

If you're moving in between October and August, you can arrive at any time from the start date of your licence agreement. There's no need to book an appointment outside of peak periods.
