BA (Hons) Architecture

Digital Portfolio Guidance

To make your portfolio stand out, we're looking for evidence of **creativity and design skills.** We understand that you may not have studied a design related course before, but we would like to see a range of development and finished work which may include sketches, drawings, paintings, collage or mixed media, photography, sculpture or model or product design.

We want to see how you have explored a given brief and how the work has developed, so your portfolio can also include work from sketchbooks.

Portfolio pages should be compiled into a **single pdf of up to 15 pages** with **a maximum file size of 10mb**.

You'll have **21 days** from the date of our request to upload your digital portfolio. No hard copies can be accepted by post.

Once you're ready to submit your portfolio you should do this through our online portal

You'll be notified of the outcome of your application through your UCAS Hub
