Course fees

Course fees and a breakdown of any additional costs is included on the online prospectus entry for this course.

If you have questions about fees for this course, contact Fees@leedsbeckett.ac.uk

Timetable

You will receive your full timetable for the year during induction week.

What you will study

Course aims

The BSc (Hons) Facilities Management (top up) is aimed at people who are already employed in the work place and who are either Facilities Managers that for personal or professional development want to acquire a formal academic qualification in the subject, or are from other related disciplines such as office managers, cleaning supervisors or maintenance managers and are considering transferring into a Facilities Management role.

This course is a level 6 top up delivered via distance learning which offers opportunities to people who otherwise would not be able to undertake formal face to face education for reasons of employment or personal circumstances. For example, due to the nature of the industry, facilities managers may be required to work at other sites for periods of time, which through conventional delivery methods would make teaching impractical, therefore through distance learning students can continue their studies anywhere in the world and not be disadvantaged.

As this course starts at Level 6 an important element of the enrolment process is the recognition and accreditation of prior learning from the work-place or previous academic learning, this is to make sure that applicants have the required learning and understanding at Levels 4 and 5 to be able to progress successfully onto Level 6 of this top up.

Ultimately the course aims to successfully produce students who understand the principles and processes of facilities management and who can then apply these effectively in the workplace.

Teaching and learning activities

This course is delivered via web-based distance learning. The educational style is “Wraparound” and “Content with Support”. Students are directed to learning resources: MyBeckett VLE, textbooks and external websites. The tutors provide directed study guides “wrapped around” these learning resources. Students are supplied with links and references to this external material and are expected to follow up these links on their own; much as students in a traditional University course are supplied with reading lists and are expected to undertake reading on their own. At times, students may be expected to undertake research, using work-based material.

Course structure

This information is correct for students progressing through the course within standard timescales. If you have to repeat study or take time out during your course, you may be taught alternative modules which meet the overall course learning outcomes.

Level 6

Compulsory modules

Module title	Credits	Semester/ teaching period
Financial and Commercial Management	20	S1 / Year 1
Facilities Management – Professional Practice	20	S1 / Year 1
Work-based Learning (Level 6)	20	S2 / Year 1
Facilities and Maintenance Management	20	S2 / Year 1
Major Project	40	S1&S2 / Year 2
Number of credits of compulsory modules	120	

Assessment and feedback

The balance of assessment may change depending on which option modules you choose.

Level 6

The program is assessed by coursework predominately, with an examination and practical assessments.

Workload

You can expect to spend a total of 100 hours learning per 10 credits.

Typically, a student on this course can expect to divide their time like this:

Overall workload	Level 6
Teaching, learning and assessment	95 hours
Independent study	1105 hours
