Start date(s)	COHORT 1: September 2024 Wed 11th Sep Wed 18th Sep Mon 23rd Sep Mon 30th Sep Mon 7th Oct Mon 14th Oct Wed 23rd Oct Wed 6th Nov Mon 11th Nov Wed 20th Nov Mon 25th Nov Mon 2nd Dec Wed 11th Dec	COHORT 2: January 2025 Mon 13th Jan Wed 22nd Jan Wed 29th Jan Mon 3rd Feb Mon 10th Feb Mon 24th Feb Mon 3rd Mar Wed 12th Mar Wed 19th Mar Mon 24th Mar Wed 2nd Apr Wed 24th Apr Mon 28th Apr	
Academic level(s)	L6 / L7		
Academic credit	20	Contact	
Main location	LGI/City Campus/MS teams		shc-cpd@leedsbeckett.ac.uk 0113 812 7778

*Delivered via a blended approach that includes online teaching and learning, digital learning and on campus sessions. If a further lockdown is necessary then delivery will be continued and supported via online and digital learning. We therefore require you to have access and the ability to MS Teams

Suitable for practitioners working within the specialty of neonatal care, the module has a strong clinical focus and is run in partnership with Leeds Teaching Hospitals NHS Trust. The award content is based on The Essential Core Syllabus for Clinical Competencies for Neonatal Nurses: Qualified in Speciality (QIS)

Module Aims:

This module aims to give students the opportunity to:

- Advance bioscience based knowledge, of altered anatomy, physiology and the pathophysiology affecting infants within the ICU/HDS environment.
- Develop advanced clinical-practical knowledge and skills, via planning and effective care through high quality assessment and intervention strategies within the ICU/HDU environment.

Assessment:

Students will be assessed against level 6 or level 7 academic criteria on the following:

- Written case study – focusing in on a clinical practice and management intervention in ICU/HDU:
 - Level 6 2500 words
 - Level 7 3500 words
- Neonatal clinical competencies portfolio supported by a range of evidence

Career Opportunities:

The 20 level 6 or level 7 credits you gain from the module can be used for further study towards a Degree or Masters programme.

Entry Requirements:

These modules are designed for practitioners working with health and social care clients. For admission to the module you will usually be required to provide evidence of the successful completion of 120 credits (or equivalent) at the appropriate level in a relevant area / discipline:

- 120 credits at level 5 (Dip HE) for level 6 (degree) study
- 120 credits at level 6 (BSch/BAH) for level 7 (masters) study

You must also:

- Be a Registered Nurse (Adult or Child branch) or Midwife
- Be qualified 2 years post-registration and currently working in the Neonatal speciality
- Have completed Neonatal Life Support (NLS) course or equivalent in house training
- Be able to evidence a minimum of 75 clinical practice hours over 2 years, caring for both Level 1 patients (requiring neonatal intensive care) and Level 2 patients (requiring high dependency care)
- Have evidence of meeting the standards for core Neonatal foundational clinical skills outlined within the RCN (2015)

Remote Learning Prerequisites:

To undertake the course you must have access to a PC/laptop/device that has access to the internet and has sufficient memory and software to run MS Teams. It is recommended that this is run via the App rather than in a web browser. You will need to have practiced using this app and be able to use your webcam.

More information about how MS Teams will be used can be found here
