BSc (Hons) Real Estate & Property Management Degree Apprenticeship

The BSc (Hons) Real Estate & Property Management Degree Apprenticeship has been designed to offer flexible and optional pathways to develop skills, knowledge and competencies to match the needs of business and industry in the real estate sector.

Apprentices are in full-time employment whilst studying towards this degree. Modules are delivered through part-time day release and through work-based learning and two-way knowledge transfer between industry and academia. This degree enables apprentices to develop into confident and capable real estate surveyors.

HOW DOES THE DEGREE APPRENTICESHIP WORK?

The course will take up to five years to complete, using a blended learning approach that combines on the job practical training with integrated academic learning. This blended approach is designed to be flexible, with a combination of face to face university teaching, online learning, research, and reflective practice and assessment. The experiential learning section of the course focuses on the student's workplace and specific areas of project work they are undertaking. Learning is linked to the RICS Assessment of Professional Competence helping the student work towards the End Point Assessment for the degree apprenticeship. The employer is also expected to engage with this section of study to help the student progress through their training.

COURSE STRUCTURE

Apprentices learn about real estate theory and practice designed around a range of RICS pathways, including commercial real estate, planning and development, and valuation. Strong career themes run throughout all levels of the course which allows contextualisation to meet the needs of business.

Below is an indicative list of modules.

LEVEL 4	LEVEL 5	LEVEL 6
Law in the Built Environment	Property Management and Agency	Asset and Portfolio Management
Real Estate Profession and Practice	Urban Planning: Policy and Practice	Valuation 3: Statutory Valuation, Rating and Taxation
Introduction to Construction Technology	Construction Technology	Dissertation
Built Environment Economics	Property and Commercial Lease Law and Practice	Experiential Learning
Valuation 1: Introduction to Valuation	Property Development	Facilities Maintenance Management (Elective)
City, Society and Property	Valuation 2: Valuation and Investment	Urban Regeneration (Elective)

EMPLOYER BENEFITS

The BSc (Hons) Real Estate & Property Management Degree Apprenticeship allows employers to meet their succession planning needs with the majority of the cost paid by the Apprenticeship Levy. It provides a fast and effective route to career progression for new and existing staff to facilitate towards the RICS APC and subsequent RICS chartered status. Leeds Beckett University will support employers to devise and manage the work-based element of the apprenticeship.

EMPLOYER REQUIREMENTS

- Every apprenticeship must have an Apprenticeship Agreement. This is a contract of service between the apprentice and the employer confirming the apprenticeship and standard being undertaken. This will be supplemented by a 'Statement of Commitment' signed by the employer, provider and apprentice, setting out the expectations, roles and responsibility of each party involved in the apprenticeship.
- Apprentices must be employed and paid at least a minimum wage appropriate to their age and job role.
- The employer will be responsible for recruitment of degree apprenticeships. However, we can work with you to promote your opportunities via our website.
- The employer will provide paid time off for on-campus study.
- Apprentices are required to undergo structured work experience to work towards the attainment of the standards required to become a Chartered Town Planner.
- Apprentices require a mentor in the workplace who will oversee their learning and coordinate with the University.
