

KEY INFORMATION

ENTRY REQUIREMENTS

Minimum 112 UCAS points, or equivalent GCSE English Language and Mathematics at Grade C (Level 4) or above or an equivalent qualification. Apprentices without formal qualifications but with sufficient relevant work may be able to join the course following an assessment by the Course Director.

FEES

Fees for the course will be a maximum of £27,000 dependent on level of entry.

FUNDING

If the annual pay bill of your organisation exceeds £3m you will pay for your apprenticeship training through your levy account. If you are a non-levy paying organisation the government will co-fund your apprenticeship training by contributing 95% of the costs and you will pay the remaining 5% of costs.

COURSE DURATION

5 years

Please contact us to discuss course start dates.

HOW TO APPLY

INDIVIDUALS

Apply direct to an employer offering opportunities on the programme. Visit our website for details of current vacancies.

BUSINESS

Contact the Degree Apprentice team.

BSC (HONS) BUILDING SURVEYING – CHARTERED SURVEYOR DEGREE APPRENTICESHIP

The BSc (Hons) Building Surveying Degree Apprenticeship course is designed to offer organisations flexible pathways to develop skills, knowledge and competencies to match business and industry needs.

Apprentices will be in full-time employment whilst studying towards this degree. Modules will be delivered through part-time day release, work based learning and two-way knowledge transfer between industry and academia. This degree will enable apprentices to develop into confident and capable management professionals.

HOW DOES THE DEGREE APPRENTICESHIP WORK?

The experiential learning section of the course focuses on the student's workplace and specific areas of project work they are undertaking. This is linked to the RICS Assessment of Professional Competence helping the student work towards the End Point Assessment for the degree apprenticeship. The employer is also expected to engage with this section of study to help the student progress through their training.

COURSE STRUCTURE

Strong career themes run throughout all levels of the course which enables contextualisation for you to co-create modules to meet the needs of your business.

WHERE WILL STUDY TAKE PLACE?

Students will be required to attend the University on a day release basis.

Modules		
Level 4	Level 5	Level 6
Introduction to Construction Measurement and Estimating	Building Surveying Commercial Management	Commercial Construction Management
Introduction to Construction Technology	Contract Practice Construction	Facilities Maintenance Management
Law in the Built Environment	Construction Technology	Experiential Learning
Construction Economics	Experiential Learning	Refurbishment and Conservation
Building Design Through the Ages	Building Pathology	Dissertation 40 credits
Building Science and Services	Communications and Application	

EMPLOYER BENEFITS

- Meet the unique needs of your business – with Degree Apprentices learning at work, they are able to develop the knowledge and occupational competencies demanded by specific job roles, and meet the unique needs of your business.
- Fill your higher-level skills gaps – higher-level skills are vital to business performance and economic growth. Through degree apprenticeships you can fill your higher-level skills gaps efficiently and effectively by tailoring the learning.
- Develop existing staff – you can develop your existing staff by allowing them to undertake a Degree Apprenticeship or enabling them to work with a Degree Apprentice in the workforce, through mentoring opportunities and more.
- Meet the targets of the Engineering Council UK and the Institution of Civil Engineers, to have most engineering staff with recognised professional qualifications such as Incorporated status.

EMPLOYER REQUIREMENTS

- Every apprenticeship must have an Apprenticeship Agreement. This is a contract of service between the apprentice and the employer, confirming the apprenticeship and the standard being undertaken. This will be supplemented by a 'Statement of Commitment' signed by the employer, provider and apprentice, setting out the expectations, roles and responsibility of each party involved in the apprenticeship.
- Apprentices must be employed and paid at least a minimum wage appropriate to their age and job role.
- You will be responsible for recruitment of degree apprenticeships. However, we can work with you to promote your opportunities via our website.
- You will provide paid time off for on campus study.
- Apprentices are required to undergo structured work experience to work towards the attainment of the standards required for the RICS Quantity Surveying and Construction APC pathway.

FUNDING

If the annual pay bill of your organisation exceeds £3m you will pay for your apprenticeship training through your levy account. If you are a non-levy paying organisation the government will co-fund your apprenticeship training by contributing 90% of the costs and you will pay the remaining 10% of costs.
