

Leeds Beckett University – Register of Interests

Introduction

1. Governors, members of the Senior Management Group, resource centre managers, SBC managers and university nominated directors on subsidiary and associated companies are required to record any relevant interests in the University's register of interests.
2. In accordance with the [Nolan Principles of Public Life](#), colleagues are expected to discharge their duties impartially and objectively and to take steps to avoid any conflicts of interest. Occasionally, the outside interests and activities of senior colleagues, or those of their close family members, may give rise to actual or perceived conflicts of interest. The purpose of the register of interests is to provide openness and transparency by recording these interests and ensuring that they are handled appropriately. You are therefore asked to declare any matters which might influence, or be seen to influence, your conduct in relation to your role within the University and any material decision making. If you are in any doubt as to whether an interest should be declared please contact the University Secretary's Office.
3. Declarations are required on your appointment and then annually during the summer as they are required for the preparation of the University's financial statements. Colleagues are responsible for ensuring that entries in the register relating to them are kept up to date.

Guidance

4. Please review and answer each of the questions and list and relevant interests held since 01 August 2025. Please sign and date the declaration on the first page and return the form to Governance Services at governance@leedsbeckett.ac.uk

 - Anyone who is dependent on you or your spouse (for example, parents who are financially dependent on you)
6. For each question please enter 'none' if you have nothing to declare.

Leeds Beckett University – Register of Interests

Introduction

1. Governors, members of the Senior Management Group, resource centre managers, SBC managers and university nominated directors on subsidiary and associated companies are required to record any relevant interests in the University's register of interests.
2. In accordance with the [Nolan Principles of Public Life](#), colleagues are expected to discharge their duties impartially and objectively and to take steps to avoid any conflicts of interest. Occasionally, the outside interests and activities of senior colleagues, or those of their close family members, may give rise to actual or perceived conflicts of interest. The purpose of the register of interests is to provide openness and transparency by recording these interests and ensuring that they are handled appropriately. You are therefore asked to declare any matters which might influence, or be seen to influence, your conduct in relation to your role within the University and any material decision making. If you are in any doubt as to whether an interest should be declared please contact University Secretary's Office.
3. Declarations are required on your appointment and then annually during the summer as they are required for the preparation of the University's financial statements. Colleagues are responsible for ensuring that entries in the register relating to them are kept up to date.

Leeds Beckett University – Register of Interests

Introduction

1. Governors, members of the Senior Management Group, resource centre managers, SBC managers and university nominated directors on subsidiary and associated companies are required to record any relevant interests in the University's register of interests.
2. In accordance with the [Nolan Principles of Public Life](#), colleagues are expected to discharge their duties impartially and objectively and to take steps to avoid any conflicts of interest. Occasionally, the outside interests and activities of senior colleagues, or those of their close family members, may give rise to actual or perceived conflicts of interest. The purpose of the register of interests is to provide openness and transparency by recording these interests and ensuring that they are handled appropriately. You are therefore asked to declare any matters which might influence, or be seen to influence, your conduct in relation to your role within the University and any material decision making. If you are in any doubt as to whether an interest should be declared please contact the University Secretary's Office.

Leeds Beckett University – Register of Interests

Introduction

1. Governors, members of the Senior Management Group, resource centre managers, SBC managers and university nominated directors on subsidiary and associated companies are required to record any relevant interests in the University's register of interests.
2. In accordance with the [Nolan Principles of Public Life](#), colleagues are expected to discharge their duties impartially and objectively and to take steps to avoid any conflicts of interest. Occasionally, the outside interests and activities of senior colleagues, or those of their close family members, may give rise to actual or perceived conflicts of interest. The purpose of the register of interests is to provide openness and transparency by recording these interests and ensuring that they are handled appropriately. You are therefore asked to declare any matters which might influence, or be seen to influence, your conduct in relation to your role within the University and any material decision making. If you are in any doubt as to whether an interest should be declared please contact the University Secretary's Office.
3. Declarations are required on your appointment and then annually during the summer as they are required for the preparation of the University's financial statements. Colleagues are responsible for ensuring that entries in the register relating to them are kept up to date.

Guidance

4. Please review and answer each of the questions and list any relevant interests held since 01 August 2025. Please sign and date the declaration on the first page and return the form to Governance Services at governance@leedsbeckett.ac.uk
5. For each question please indicate whether the interests are 'personal' or whether they relate to your 'close family'. The Financial Reporting Council Standard 102 defines 'Close family' as:
 - Your children, spouse or domestic partner;
 - The children of your spouse or domestic partner; or
 - Anyone who is dependent on you or your spouse (for example, parents who are financially dependent on you)
6. For each question please enter 'none' if you have nothing to declare.
7. Please note that the most up to date register is open to public inspection on our [webpages](#) and is available to view on the University's publication scheme. The information collected is required to report on financial sustainability and returns to the Office for Students, to provide to our insurers for the purposes of arranging Directors and Officers cover, and for management purposes as part of ensuring compliance with the financial regulations and other policies and procedures.
