# COACHING, MENTORING AND PROFESSIONAL LEARNING IN EDUCATION AWARD

[leedsbeckett.ac.uk/collectived](https://leedsbeckett.ac.uk/collectived)

Our new award will enable educational providers to make coaching, mentoring and professional learning a guided strategic priority for school development. The award will focus on the creation of an implementation plan which will guide the whole school community through a process of building the skills and knowledge needed to bring about whole school improvements in coaching, mentoring and professional learning.

The award will provide a framework to evidence initiatives that work towards demonstrating a commitment towards excellent practice by making coaching, mentoring and professional learning a part of your core business.

You will work with an allocated coach to create a personalised action plan for your organisation. Together, you will develop a portfolio of evidence for your school set against the competencies of the framework, your evidence will then be verified against bronze, silver or gold levels.

As part of the award package your school will also receive a self-assessment diagnostic, award certificate, plaque and e-logo.

Benefits of taking in the award scheme:

- Your staff will feel valued and have a sense of belonging, through the creation of a supportive and developmental culture.
- Your organisation will have developed a robust coaching and mentoring system.
- You will see visible improvements to the overall resilience of staff members.
- You will be using evidence-based approaches that align to professional guidelines.

## COURSE FEES & START DATES

The award costs £395 excluding VAT and lasts for three years, after which you can apply for reassessment to maintain your level or strive for higher quality standards.
