

## FEE PAYMENT OPTIONS FOR 2020/21

The information below is a brief summary of the payment schemes we have in place. For schemes that are applicable and available to you, please read the full descriptions that are also available as they contain vital information concerning eligibility and applicable payment dates.

**Please note:** annual course fees are usually calculated based on the expected totality of Educational Services delivered in respect of a particular course or programme of study undertaken within a 12-month period. Therefore, payment on a module by module basis is not permitted.

### IMPORTANT NOTE FOR NEW FULL TIME UK/EU UNDERGRADUATES

As fees have increased substantially for students who commenced in 2012/13 or after, it is vital, if you are relying on a Tuition Fee Loan, that you are confident of your eligibility for funding prior to commencing your course and you can find useful information [here](#). If you are self-funding, however, you can select your payment option from those listed below.

### IF YOU DO HAVE TO PAY YOUR OWN FEES THE OPTIONS ARE AS FOLLOWS

**Payment in full up-front** – available to **all students**.

**50/50 payment option** – available to **all students** on a course lasting a minimum of one academic year with a fee contribution for the year of £425 or over.

This involves a payment of a minimum of 50% of the annual fee (or your contribution towards it) prior to or at the start of the academic year\* with the balance becoming due around four months later.

(\* overseas students may need to pay their initial 50% well in advance to secure their CAS).

**Direct Debit Scheme** – available to **UK/EU students** (with a valid UK bank account) on a course lasting a minimum of one academic year with a fee contribution for the year of £425 or over.

This involves a payment of a minimum of 15% of the annual fee (or your contribution towards it) prior to or at the start of the academic year, followed by payment of the balance in 6 equal monthly Direct Debit instalments.

If you are however, in receipt of a **Post Graduate Loan from the Student Loans company** (paid directly to your nominated bank account), our University has developed a payment scheme specifically for Post Graduate Students, which coincides with the instalment payments that you will receive for your loan, and splits your tuition fee payments into **3 equal Direct Debit instalments** across the year.

*Please note, invoices are not issued for payment up front or for qualifying payments for the above schemes.*

*Payment dates and terms and conditions apply to the above schemes, and it is important that you are aware of them when determining how to pay. Please make sure you check the full details for the schemes you are interested in.*

**If you require further information about the above payment schemes, please contact the Incomes Team at; [incomes@leedsbeckett.ac.uk](mailto:incomes@leedsbeckett.ac.uk) or call us on 0113 81 25950.**
