

Spectrum

What is Spectrum?

Spectrum is a social group for autistic students.

Attendance is flexible, so you can come to every group meeting or only occasionally, when it suits you. You don't need to book, just turn up!

What will we do at the meetings?

The meetings will start off informally to give you all the opportunity to meet and get to know each other. Kate and Catherine will be present at all meetings but the meetings are generally student led.

Part of the meeting could be spent doing some kind of activity, such as playing board games, cards, going out for a meal, bowling, or inviting guest speakers to come to the group to talk about common interests.

We would like the group to reflect your interests so once we have a better idea of how you would like to use the time as a group we can review the structure of the meetings.

Where and when?

- Weekly during term time
- Wednesday at 1–2pm
- Meetings will alternate between the Headingley Campus and City Campus (PTO for Semester 1 dates and locations)
