Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

As is common in many Real Estate programmes the application of theory in both the Law and courses requiring calculation elements polarise cohorts. Overall the grades were reasonable which is pleasing to see, with some good grades.

No

B8) If you have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:

I have not have the opportunity to take part in a course review not meet any of the students on the course which is a pity. However I think this would be a useful exercise going for ward for the degree programme, and is something that other institutions do encourage for their external examiners.

D7) I am satisfied with the programme-level induction provided by the Course Director to familiarise me with the programme itself. (required)

Yes

D8) Are there any general or specific comments on the development and support offered by the University, especially improvements you would like to see:

I was "drafted" in to help out this year as a current external on the UG programmes so some of the above are not wholly relevant to me.
The big issue is the short time given to EEs for review of scripts - particularly in reviewing dissertations in the end I only had circa 3 days in which to cover both UG and PG courses. It is also important that the way the information is presented to externals should be consistent across every course - while we now have the EE folder the content and access to scripts etc is not always the same once in the folder which creates delay in review. For anyone not familiar with Blackboard this would I suspect cause some angst.

D9) If You have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:

Really just to echo the above there needs to be sufficient time provided to allow the externals time to review both the course work/ exams for moderation and the scripts for review.

E) Do you examine collaborative provision?

No

Section F

G3) If you have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:

Where applicable, a copy of your report will be shared with the Chief External Examiner who is appointed to provide oversight of related modules and/or courses.

Final Comments

Are there any other final comments you would like to make in relation to your role as External Examiner?

I have enjoyed my time as an external examiner on both the UG and this extension to cover the PGT courses. It is good to see and important to continue with the links to professional practice in the delivery of your courses; whether by inviting guest presenters or visiting sites etc. It is an important part of the student experience.

End of Tenure Report

If you are at the end of your tenure as External Examiner, please provide an overview of the development of the programme during your term of office. This overview will be of value to the University, the programme team and to the incoming External Examiner.

Please include commentary regarding academic standards and student achievement across cohorts during the examiner's period of appointment:

This Section is only to be completed by external examiners at the end of their tenure.

I believe this is my final year, so I would like to thank all the teams from administration staff to the teaching staff for their friendly and helpful attitude when I asked questions of any of them over my tenure. The teams have worked through a challenging time in recent years but as I end my tenure as External I believe the programmes are in a positive place, offering a good standard of education for the students and preparing them for employment as graduate surveyors in professional practice. Keep up the good work.
