Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Actions from last year's report

A5) In respect of your feedback, has any required action from last year's report been satisfactorily responded to? (required)

Yes and No

A5a) Please expand below: (required)

I did request to meet students from the course to glean their first-hand experiences, but this was not arranged again – the new Course Leader said that it would be arranged for the next academic year.

I have previously suggested that a conference proceedings booklet is created or ebook of abstracts from some of the students' research – some assignments are very creative, relevant and scholarly. It would be good to showcase these in some way (I know that a newsletter was going to be created).

Issues/point for clarity during the year

A6) Did you raise any issues/point for clarity throughout the year? (required)

No

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

- The ethics and positionality elements were better addressed this year (I raised this as a minor consideration last year so well done to the team).
- Stronger auto/biographical insights added deeper layers of connection– done in a critically thoughtful and theorised way. Really welcomed this.
- Strong global understanding in the higher grades.
- Race, Identity, Culture and the Black Atlantic – 1 essay was exceptional and I suggested incorporating some of these outstanding pieces into the CRED series if possible?
- The in-essay comments were more focussed and concise this year, really helpful in directing students.

See comments above – nothing else to add.
Well done to the staff for supporting students’ thinking and writing with such depth and criticality. Some of the module content requires bold thinking and research, and it is commendable how the topics are approached by students.
