Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University's responses to examiners' reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Yes

Issues/point for clarity during the year

A6) Did you raise any issues/point for clarity throughout the year? (required)

Yes

A6a) Please expand below how they were/were not addressed: (required)

The Programme Leader and Programme admin team have been very helpful and responded quickly to any questions or comments.

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

The programme team work incredibly hard to deliver an excellent learning experience for the students. They offer very clear guidance in the assessment briefs and module handbooks. Some assessment formats are innovative, relevant to industry/graduate careers and often take a problem-based learning approach. Distance learning supplemented by 'live lounges'. Students are provided with detailed feedback on their work.

Section B

Academic Standards

Please advise on the Academic Standards for the Programme:

B1) Do the Courses and its modules continue to be coherent and generally up-to-date and at an appropriate level to enable students to meet the relevant aims and learning outcomes? (required)

Yes

B2) What do you believe were the strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills? (required)

Excellent standards of work were produced by the students this year, and this was evident by the number of distinctions awarded at the final exam board. Excellent work was achieved through a sound knowledge and understanding of relevant academic concepts applied to real-world cases and situations. Weaker students failed to follow the (extensive) assignment guidelines and did not fully engage with the academic literature.

B3) Are the marking/grading criteria or marking schemes set at the appropriate level of study and have they been consistently applied including internal moderation processes? (required)

Yes

B4) Did students receive adequate and helpful feedback to inform their future learning? (required)

Yes

B5) In your view please indicate how well you feel the course prepares students for progression to managerial or professional employment or further study? (required)

0= not at all, 10= fully

8

B6) Please provide any further comments to indicate how the course could better prepare students for progression to managerial or professional employment or further study (if applicable)

I noticed during the 2022-23 academic year that there was a reduction in networking opportunities for the students with a reduction in field/industry visits and guest lecturers - this is a shame and perhaps the programme team might consider the re-introduction of the field trip in the future.

B7) Have you had the opportunity to comment on or contribute to a review of the course including any proposed modifications or enhancements to provision? (required)

B8) If you have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:

C3) The design and structure of the assessment methods used were appropriate; there was comparability within and across modules/awards in terms of level and their effectiveness in measuring the overall learning outcomes. (required)

C4) There was sufficient rigour in the achievement of learning outcomes in professional placements / work-based learning / work experience (where relevant).

C5) The moderation process is rigorous and there is consistency in marking standards. (required)

Hopefully at some point during the 2023-24 academic year I can visit LBU and meet the programme team and students in person - perhaps for the spring or summer exam board? It would be very helpful as I'm sure there are plenty of additional activities that are undertaken by the programme team to add value to the student learning experience which I am unaware of 'from a distance'.
