## Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University's responses to examiners' reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

**Your report will be widely circulated and shared with Students** and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

**NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.**

The programme team continue to manage the large number of students on the programme well. There are very good practices in places to ensure that assessments are standardised across examiners and students are provided with equal opportunities to achieve their potential on assessments.

There are excellent practices in place regarding moderation, the processes undertaken are clear and transparent. The module leaders reports are also excellent to see as they present good overviews of the modules and genuine reflections, providing evidence for module developments. The collaborative working of the team and drive to continue to develop the programme is highlighted within the module reports and moderation processes.

There is appropriate use of practical assessment on the programme which align to the professional body standards and help to assess students in line with industry requirements. As mentioned in previous years, there are some particularly innovative assessment designs within the programme such as the Portfolio Defence Presentation in the Professional Practice & Placement Module and the Independent Study assessment design for the Dissertation for SET Module. These continue to be excellent assessments.
