Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

As this is my first year at Leeds Beckett, I am still getting to know the team and courses, it is my current understanding that employability is highlighted not only by the course content and technical skills, but also, that the team ensure that soft and transferable skills from modules and extracurricular activities are focused graduate outcomes. Of course, internships for all students would ensure all students are fully prepared for grad-level jobs.

End of Tenure Report

If you are at the end of your tenure as External Examiner, please provide an overview of the development of the programme during your term of office. This overview will be of value to the University, the programme team and to the incoming External Examiner.

Please include commentary regarding academic standards and student achievement across cohorts during the examiner's period of appointment:

This Section is only to be completed by external examiners at the end of their tenure.

The changing demographics of student cohorts, especially in PGT courses with a significant increase of international students, bring new challenges to the programme team. Although the team offers a wide range of support sessions and strategies, it would be useful to know if the school has also recruited more staff to ensure workload is appropriate considering the growth in students’ numbers, and to maintain the staff student ratio and ensure student experience does not suffer.

I would also recommend to include awarding gap data for LBU courses and information for EE, including the inclusive learning strategies to tackle these.
