Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Throughout the year I had access to the modules, the Module coordinators contacted me and consulted me on the assessment. The assessment sets were appropriate, authentic and reflected the environmental health practice.

I was able to review student assessment and I have found that all marks were consistent and fair and reflected national and professional standards.

I would like to commend the team on two key points that I believe contributes towards the good student achievement:

- Excellent preparation available for the students in the following forms: (mock, previous papers and formative to prepare to exam)
- Excellent level of feedback particularly pointing out areas for improvements

I wasn't directed towards the induction and would have appreciated course level induction as well. I was a little unsure of modules and it took me a while to understand my duties for the different courses reviewed. I understand that the team was very busy and under pressure. I just at times weren't sure who to communicate with in relation to a range of issues. However I do not feel that this impaired my role as an external examiner as I am familiar with the discipline and professional standards.
