Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University's responses to examiners' reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Issues/point for clarity during the year

A6) Did you raise any issues/point for clarity throughout the year? (required)

Yes

A6a) Please expand below how they were/were not addressed: (required)

Owing to the marking and assessment boycott enquiries were made as to the process of assessments of the students' submissions. Leeds Beckett University had provided guidelines they received and used them to ensure all students summary assessments were completed fairly and professionally. In order for the Externals to be appraised of the guidelines a separate explanatory meeting was held prior to the board meeting. The explanations were clear, made the guidelines understandable and allowed ample opportunity to seek clarification and to ask questions.

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

Arranging a pre board meeting to explain the guidelines related to the marking and assessment boycott was a good way for Externals to seek clarification as to how to progress with the process.

Section B

Academic Standards

Please advise on the Academic Standards for the Programme:

B1) Do the Courses and its modules continue to be coherent and generally up-to-date and at an appropriate level to enable students to meet the relevant aims and learning outcomes? (required)

Yes

B2) What do you believe were the strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills? (required)

Strengths - Rather than students just ticking off the diary sheets to indicate their presence on placement, they completed this section in detail. This allowed them to keep detailed information on what work they were involved in each day. This approach allowed students to make quick reference on certain aspects of their placement and reflect in order to write their final submissions.

Weaknesses - All Action Plans were similarly completed by students, they were lacking in detail and did not provide tangible information on how to identify their own learning needs and how to achieve them. The plans need to be in more detail with achievable milestones.

B3) Are the marking/grading criteria or marking schemes set at the appropriate level of study and have they been consistently applied including internal moderation processes? (required)

Yes

B4) Did students receive adequate and helpful feedback to inform their future learning? (required)

Yes

B5) In your view please indicate how well you feel the course prepares students for progression to managerial or professional employment or further study? (required)

0= not at all, 10= fully

9

B6) Please provide any further comments to indicate how the course could better prepare students for progression to managerial or professional employment or further study (if applicable)

Greater emphasis to be placed on competing detailed action plans, this will not only assist the students in successfully completing placements but will provide them with the knowledge and background for planning for professional and managerial employment.

The management, leadership and enterprise module very aptly prepares student for progression, the course allows opportunities to learn in varied settings where varied management and leadership approaches are required. The placement opportunities permit students to not only learn about management and leadership theory but also provides chances to put the learning in to practice. Covering the theories, communication, decision making and students writing funding applications aids in acquiring the necessary transferable skills required for professional positions. The assessments required to be completed for this course most certainly provides valuable knowledge and skills needed for progression either in to professional managerial and/or leadership employment or further study to enhance expertise.

B7) Have you had the opportunity to comment on or contribute to a review of the course including any proposed modifications or enhancements to provision? (required)

Yes

B8) If you have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:
