Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Yes

B2) What do you believe were the strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills? (required)

Most students demonstrate a reasonable grasp of the topics studied. There have been some good examples of numerical skills in dissertations. The key area for development remains critical argument. This is, however, a challenge across the sector.

0= not at all, 10= fully

8

B6) Please provide any further comments to indicate how the course could better prepare students for progression to managerial or professional employment or further study (if applicable)

Perhaps a module dedicated to the Future of Work, in which the students could explore the changing nature of the graduate labour market and help them to develop their critical approach to thinking in doing so.

B7) Have you had the opportunity to comment on or contribute to a review of the course including any proposed modifications or enhancements to provision? (required)

No

B8) If you have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:

I approved the MSc International Banking and Finance changes to MSc International Finance and Investment. The tutor demonstrated an up to date awareness in the curriculum and the needs of the modern graduate. The rationale was to encourage a higher take up amongst students from the 2023-24 academic year. This was mentioned in the previous report. The menu of modules remains current and relevant.

I would like to thank the administrators and the staff in supporting me in my role.
Exam boards continue to be carried out in a professional manner.
We are provided with a clear timeline which is useful.
The tutors are providing a high level of useful feedback and feedforward to the students.
Students are clearly enjoying the modules they study as reflected in their choice of dissertation topics.
The second markers have responded to my previous comments in terms of audit trails and use of appropriate vocabulary to justify the grades awarded.
There was also a good set of marks in Economics of International Trade from the China cohort.
Happy to approve the materials I received this year.
