<p><b>Recommended sample sizes at Leeds Beckett University are as follows:</b></p> <p><b>a) Samples should be determined by a square root of cohort size, no smaller than 6, no larger than 15. However it should be borne in mind that not all work is assessed in a way that makes a square root sample possible and allowance should be made. For example in subjects such as the performing arts where there may be a requirement for an external to come and view a performance instead, or to visit the exhibition of art work.</b></p> <p><b>b) Samples to include all classification categories, and it is helpful to concentrate around the boundaries to include some fails.</b></p> <p><b>c) Samples to consist of internally moderated work, clearly evidencing the moderation process.</b></p>
