Please complete all sections of the form fully and where not applicable please state N/A. Where applicable please also complete the sections for any collaborative provision sampled.

<i>If your answer is ‘no’, please provide a brief statement (bullet points) of the respect(s) in which they fall short.</i>			

(a) The operation and conduct of the Progression and Award Board (and/or Module Board meeting you may also have attended).
Yes they have been conducted in a professional manner.

(b) The action, if any was required, taken in response to your report of last year. (This will not be relevant if you are examining for the first time.)
Yes

(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.
Yes it is comparable to other HEIs.

(d) The strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills.
The PT cohort is really strong and the overall profile reflects the amount of work put in for the submissions.

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

Yes it is comparable with other HEIs. I would again encourage colleagues to consider a full range of marks and not shy off from awarding a higher grade than 70 wherever it is due.

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment.

I am satisfied with the overall process.

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

xx

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

Yes the content reflects the current thinking and seems relevant to the courses and programmes.

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

Generally good but poor performers may be offered some focussed support to lift their grades.

(j) The University welcomes external examiners' comments on its academic regulatory framework. Such comments may not have a direct bearing on standards set and achieved or the conduct of processes and so it may not be appropriate to include them elsewhere in this report or its summary. Please record any concerns or comments you may have here.

None

(k) Collaborative Provision: please include here any comments you wish to make on elements of collaborative provision for which you have responsibility (in addition to those you may have indicated previously in this report).

As I mentioned last year, there is some variation in the overseas student performance compared to the UK ones but this is not unique to Leeds Beckett.

However it should be borne in mind that not all work is assessed in a way that makes a square root sample possible and allowance should be made. For example in subjects such as the performing arts where there may be a requirement for an external to come and view a performance instead, or to visit the exhibition of art work.</p> <p>b) Samples to include all classification categories, and it is helpful to concentrate around the boundaries to include some fails.</p> <p>c) Samples to consist of internally moderated work, clearly evidencing the moderation process.</p>
