Introduction

Leeds School Of Arts

Undergraduate

- ARCHA Architecture(UG)

External Examiner ID

Name Of External Examiner:

First Name

Last Name

Collaborative Institution:

Date of Main Progression and Award Board Attended:

16-Jun-2023

Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Section A

External Examiner’s Report Summary

Please indicate below whether you agree with the statements about the threshold standards of Leeds Beckett University’s awards, student achievement and the conduct of the University’s assessment processes, using as a reference the [Framework for Higher Education Qualifications](#) applicable Subject Benchmark Statements / Qualification Characteristic Statements and [Leeds Beckett University regulations](#)

If any boxes are ticked “No” the Dean of School or nominee will be alerted and will oversee the response from the Course Director.

[HK1]Added Reference to correct section of Regulations in here.

Standards set

A1) “Threshold academic standards set for the modules/courses meet the applicable national academic standards.” (required)

See 14.3.6a of regulations

Yes

Student achievement

A2) “Students who have been awarded qualifications have had the opportunity to achieve standards beyond the threshold level that are reasonably comparable with those achieved in course(s) or subjects in other UK institutions with which I am familiar.” (required)

14.3.6b of regulations

Yes

A2b) Please provide any further comment on the comparability of any associated collaborative provision:

N/A

Conduct of processes

A3) "Processes for assessment and the determination of awards are reliable, rigorous and conducted in line with the regulations at all times." (required)

see 14.3.6c of regulations

Yes

Professional Body Requirements

A4) Do the learning outcomes and assessment of the courses allow successful students to meet the Professional Statutory and Regulatory Bodies criteria at the appropriate level'. (required)

see 14.3.6a of regulations

Yes

Actions from last year’s report

A5) In respect of your feedback, has any required action from last year’s report been satisfactorily responded to? (required)

Yes

Issues/point for clarity during the year

A6) Did you raise any issues/point for clarity throughout the year? (required)

No

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

There are several aspects of the course which demonstrate good practice, including:

- First and second year studio design and communication work continues to achieve a very high level. The physical model making was of particular note this year.
- The project briefs and range of ateliers in year 2 and 3 provided a good opportunity for the students. Students also commented positively on the vertical atelier system during meetings.
- There is a clear environmental, social and political focus to the studio projects. This prepares the school, and students, for the future but also connects the work at the school with contemporary debates beyond the university.
- Plan drawings across the school are still first class.

Section B

Academic Standards

Please advise on the Academic Standards for the Programme:

B1) Do the Courses and its modules continue to be coherent and generally up-to-date and at an appropriate level to enable students to meet the relevant aims and learning outcomes? (required)

Yes

B2) What do you believe were the strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills? (required)

Strengths

- Physical model making skills across the school are a real strength (and improvement since last year)
- Plan drawing and space planning skills are of note.
- Verbal presentation skills. Students were articulate and confident describing their work.

Weaknesses

- Analytical precedent studies further development. Students should be able to demonstrate a clear link between precedent and their own work.
- Some students struggled with the process of choosing their own site and developing their own accommodation schedule. I would encourage the school to consider offering a site and accommodation schedule in all Y2 and Y3 project briefs which would aid students who are not as strong.
- Section drawings still need to be a focus of improvement. Whilst I saw some good examples, I think there is work to be done around raising the quality in this area. A construction sectional perspective could be the way to develop this.
- Experiential drawings still require some further development.

B3) Are the marking/grading criteria or marking schemes set at the appropriate level of study and have they been consistently applied including internal moderation processes? (required)

Yes

B4) Did students receive adequate and helpful feedback to inform their future learning? (required)

Yes

B5) In your view please indicate how well you feel the course prepares students for progression to managerial or professional employment or further study? (required)

0= not at all, 10= fully

8

B6) Please provide any further comments to indicate how the course could better prepare students for progression to managerial or professional employment or further study (if applicable)

B7) Have you had the opportunity to comment on or contribute to a review of the course including any proposed modifications or enhancements to provision?
(required)

N/A

B8) If you have answered no to any of the above or would like to add any further points of clarity, please expand in the box below:

Section C

Assessment

Please advise on the Assessment Process for the Programme:

C1) The internal assessment / examination procedures are comparable with similar awards in the UK. (required)

Yes

C2) Procedures for the Exam Boards were fairly and rigorously conducted (including procedures governing extenuating circumstances, academic misconduct and borderline performance), and in accordance with the University's Academic Regulations. (required)

Yes

C3) The design and structure of the assessment methods used were appropriate; there was comparability within and across modules/awards in terms of level and their effectiveness in measuring the overall learning outcomes. (required)

Yes

C4) There was sufficient rigour in the achievement of learning outcomes in professional placements / work-based learning / work experience (where relevant).

Yes

C5) The moderation process is rigorous and there is consistency in marking standards. (required)

Yes

C6) The range of exam papers / assignments provided for sampling purposes and their appropriateness in terms of subject / level / learning outcomes were appropriate. (required)

Yes

Final Comments

Are there any other final comments you would like to make in relation to your role as External Examiner?

The preparation for my visit to The Leeds School of Architecture was excellent again. Everything was well explained and staff were responsive to any requests for further information or clarification before and during my visit. The feedback from students about staff and their experience at LSoA was, again, highly positive. The visit itself was very smooth and I don't want to underplay the work that goes into ensuring this.

The overall performance of the students at LSoA is still comparable with other Schools of Architecture at HE institutions. The school is doing well and I look forward to seeing it develop further. The exhibition this year was outstanding, congratulations to staff on the work for this (I expect many months of work). The involvement of students in the design and assembly of the exhibition was also great to see.

End of Tenure Report

If you are at the end of your tenure as External Examiner, please provide an overview of the development of the programme during your term of office. This overview will be of value to the University, the programme team and to the incoming External Examiner.

Please include commentary regarding academic standards and student achievement across cohorts during the examiner's period of appointment:

This Section is only to be completed by external examiners at the end of their tenure.
