Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

Extremely high standards and commitment are evident across the entire programme. The learning outcomes are transparent and easily understandable. All reviewed processes are both fair and thorough. The assessment methods for both practical work and theory demonstrate exceptional robustness. Across all the areas examined, there is a dedicated commitment to supporting students in realising their fullest potential. Each year of study emphasises fostering self-awareness and cultivating an original voice within creative and collaborative practices.

I had the pleasure of visiting the University and meeting both academic staff, technical tutors, and students. The atmosphere was positive, and I experienced the enthusiasm from all members of staff that I met from practice and theory tutors to staff running equipment and production design facilities. I had the pleasure to spend time with many students both individually and those who were participating in group work, preparing, and shooting their major projects and the environment was enthusiastic and the students were consistently positive about their learning experience. I was equally impressed with my time spent on set with a grad film production. The environment was calm and mirrored the professionalism of being on a film industry film set. The facilities throughout the University are of an extremely high standard. Finally, I was particularly impressed with Jools Ayodeji, Course Director. He knew and engaged at a very personal level with every student we passed in the building.
