Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

On a practical level this might include specifically assisting them to develop a professional portfolio or academic application.

End of Tenure Report

If you are at the end of your tenure as External Examiner, please provide an overview of the development of the programme during your term of office. This overview will be of value to the University, the programme team and to the incoming External Examiner.

Please include commentary regarding academic standards and student achievement across cohorts during the examiner's period of appointment:

This Section is only to be completed by external examiners at the end of their tenure.

I'd like to thank the programme team for making my visits to Leeds so open, discursive and engaging. It makes me very happy that course seems to be heading for an exciting future. The coming year looks set to be more fully-integrated into the design environment of School than at any time during my tenure. This can only be a good thing. I have much admiration for the tenacity, patience and ingenuity shown by the programme team in building and developing this course over the past four years. Much attention has been given to maintaining a sense of continuity through four very challenging years in terms of COVID-19, often fragmented or remote locations (online and on campus), the small student cohort and very small programme team. The new base-room offers a number of useful opportunities (in being both better-equipped and closer in proximity to Graphic Design undergraduates). This will help to foster a stronger sense of course identity both amongst the student cohort and within the School more generally. Having a larger teaching team seems likely to offer a more diverse direction to students even if it might pose other challenges. These developments are to we welcomed and I hope this recent boost in tangible support for the programme will continue and the future development of the course proceeds in less troubled times.
