Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

Clear guidance given to students about assessments and how they will be marked and great guidance for their learning.

Generally good feedback that is especially clear about how students have done in relation to specific marking criteria.

Good to get students planning for year 3 dissertation in year 2 in a way that doesn't add hidden work to year 2.

Thorough internal moderation carried out.

Good to see ways of dealing with plagiarism that involve an early intervention/development stage before labelling as misconduct.

Good to see some steps being taken towards addressing AI issues.

Really thorough information provided to me about all modules and all given in a timely fashion.

Exam boards are very smooth with a great balance between efficiency and ensuring all students are considered carefully in relation to things like MCs and academic regulations.

In general, I think a review of how LOs and assessments map onto each other is needed.
I also think you should continue to review how first class marks are used and continue to encourage staff to use the full range of first class marks where appropriate.
