(a) The operation and conduct of the Progression and Award Board (and/or Module Board meeting you may also have attended).
From the e-mail contact, very well organised. I couldn't attend the meeting in person

(b) The action, if any was required, taken in response to your report of last year. (This will not be relevant if you are examining for the first time.)
The group continues to overview their assessment and look to build upon the high levels of pedagogy that they already have.

(c) The overall performance of the students, in relation to that of comparable levels of work in other institutions.
Good. Perhaps slightly more of a contrast in quality than some

(d) The strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills.
I feel that students continue to benefit from the wider range of assessments. As a results students have been able to gasps concepts and demonstrate knowledge in a mix of different ways.

(e) The standards of the structure, organisation, design and marking of all examination papers and/or other forms of assessment.

Very High

(f) The curriculum, teaching or resourcing of the programme of study as indicated by the performance of the students in the assessment.

Very impressive curriculum that successfully adds basic introductory courses with courses that are based explicitly on lecturers expertise. Very good range

(g) Comments on the use of My Beckett (Virtual Learning Environment) within the course (if applicable).

Difficulty with passwords and with content already on from previous years. Not the most fool-proof of systems

(h) Module content, consistency of modules and module assessment across the course and the achievement of learning outcomes. (You may be asked by your School to provide detailed comments on the modules that you examine.)

Very high standard. As this is my second year as external I had a chance to look at the module content from last year and remain very impressed. Very good interaction with students as well. Need to make sure the module booklets continue to be updated

(i) Areas of student/staff engagement in teaching and learning, scholarship, research or professional practice.

Very good staff/student engagement from what I saw. In particular there seemed genuine attempt for staff to contact students that were not attending or failing. There seems a very strong level of staff/student relations.

Recommended sample sizes at Leeds Beckett University are as follows:				
<p>a) Samples should be determined by a square root of cohort size, no smaller than 6, no larger than 15. However it should be borne in mind that not all work is assessed in a way that makes a square root sample possible and allowance should be made. For example in subjects such as the performing arts where there may be a requirement for an external to come and view a performance instead, or to visit the exhibition of art work.</p> <p>b) Samples to include all classification categories, and it is helpful to concentrate around the boundaries to include some fails.</p> <p>c) Samples to consist of internally moderated work, clearly evidencing the moderation process.</p>
