Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

Employability is a key feature of the UG S&EN provision at Leeds Beckett and it was refreshing to see that within the employability level 6 module that students are aware of the full diversity of job roles they are eligible to apply for (evidenced within assessments completed). Use of rubrics is excellent across the board which will help students improve their work in a feed forward approach as they progress throughout their educational pathway.

Academic Standards

Please advise on the Academic Standards for the Programme:

B2) What do you believe were the strengths and weaknesses of the students in general with respect to knowledge, conceptual grasp or application of skills? (required)

Students generally have a firm grasp of theoretical concepts relating to the study of S&EN and can translate this into practical skills application where applicable. Where they are not able to demonstrate their knowledge fully they are guided by the comprehensive feedback provided by staff to help them improve future practice/assignments.

B3) Are the marking/grading criteria or marking schemes set at the appropriate level of study and have they been consistently applied including internal moderation processes? (required)

10

B6) Please provide any further comments to indicate how the course could better prepare students for progression to managerial or professional employment or further study (if applicable)

I think the course firmly prepares students for progression within S&EN, given the programme level learning outcomes/content and the opportunity to progress to complete the accredited postgraduate programme at Leeds Beckett. As well as this, there are many transferable skills which are embedded within the programme which students will need to progress to professional employment in a range of non-related disciplines.

B7) Have you had the opportunity to comment on or contribute to a review of the course including any proposed modifications or enhancements to provision? (required)

Yes
