Introduction

External Examiners are required by the terms of their appointment to submit an annual report. The report will be considered in depth during course annual monitoring activity. A record of the University’s responses to examiners’ reports also forms part of the documentation for this activity. It is also used in compiling our annual report on external examining.

Your report will be widely circulated and shared with Students and therefore we ask you not to refer to anyone by name or in a way that allows identification of an individual.

Please complete all sections of the report unless they are not relevant (such as you do not examine Collaborative or Degree Apprenticeship Provision). This report must be **submitted within 28 days of the main Progression and Award Board** and failure to submit within the required timescale may result in termination of your tenure as an external examiner without good reason.

NO EXAMINING FEES WILL BE PAID IF YOU FAIL TO SUBMIT YOUR ANNUAL REPORT.

Areas of good practice/commendation

A7) Please outline any particular strengths or distinctive or innovative features you have observed in relation to learning, teaching and assessment:

Negotiated Coaching Projects (Projects)

The standard of work across the sample was good, with assessors showing a very good level of consistency in their marking. The ability for the module to tailor to the students needs/wants is excellent, by providing a choice of how best to present their assessment to align with their coaching environment. There was no individual written feedback provided, but highlighted set criteria, which provides consistency, but perhaps some formal written feedback at the beginning and end, may provide further support for development.

Negotiated Coaching Projects (Professional Discussion)

This is an interesting assessment approach which provides a valuable opportunity for coaches to explore and extend their reasons behind conducting their projects and show their knowledge in the area. The feedback sheets provide some important information for the coaches to reflect on, and provides some valuable feedback to support their growth and thinking. This feedback was predominantly provided at the start of the process, which is useful for feeding forward, however it would have also been good to see some final feedback to provide a round up of their discussions.

My Learning Journey (Presentation)

This assessment provides an important opportunity for the coaches to show how their thinking has evolved over the two year period. In particular you can really notice the difference in thinking between year 1 and year 2, which shows good progression in what they notice when coaching and working in their environments. The marking is consistent and the marking sheets do provide a simple way for coaches to understand where marks have been awarded. Although feedback is provided throughout the module, there could still be room for some written feedback at the end of the process.

My Learning Journey (Report)

Both assessments in the sample are quite different from one another, which shows the individual nature of the journey for the coaches and what they choose to focus on. In this module the presentations probably provide enough evidence, rather than also having a report as well. Could there be a way to combine both? The feedback sheets are consistent with the trend of the other modules and provide a set criteria which is highlighted. Again, although this provides some consistency and feedback is provided in a fluid manor throughout the two years, could this also be documented in some way at the beginning/end of the modules?

B6) Please provide any further comments to indicate how the course could better prepare students for progression to managerial or professional employment or further study (if applicable)
