Summary of general arrangements

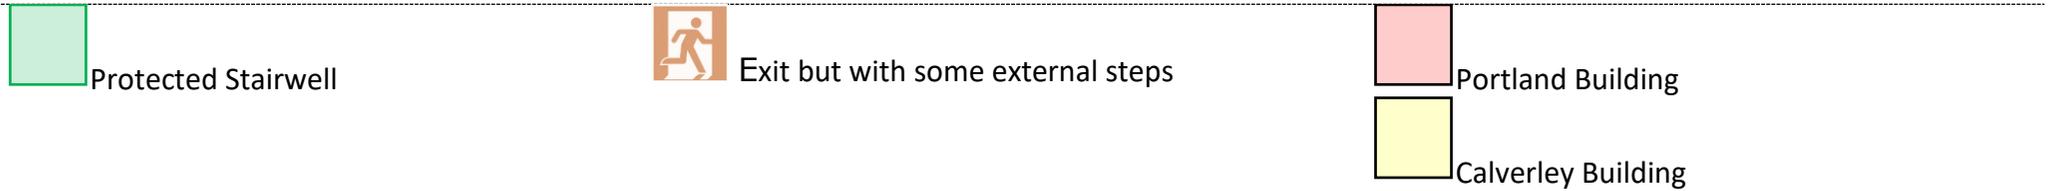

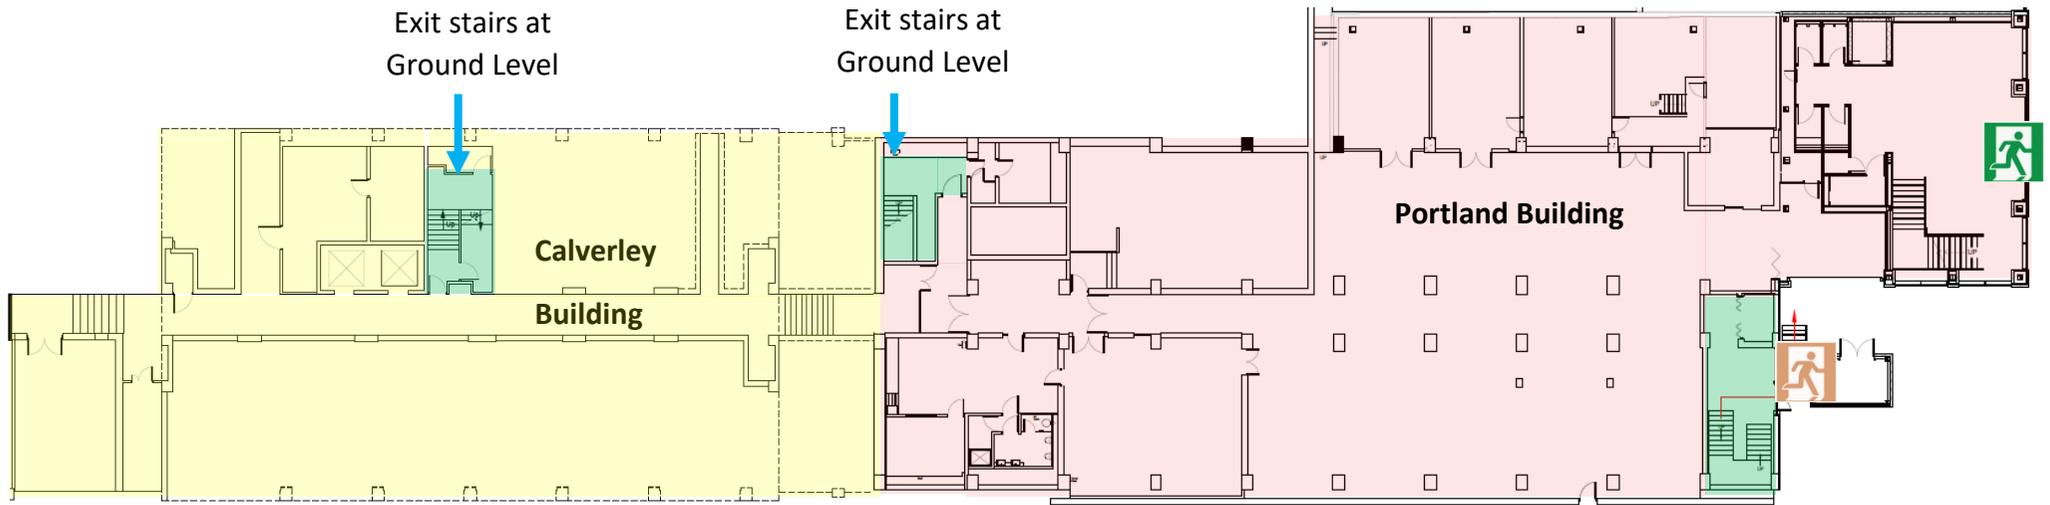

<p>Fire alarm zones</p>	<ul style="list-style-type: none"> • Note that the fire alarm will sound in the Calverley Building and the Portland Building at the same time. • It might also sound in some parts of the Leslie Silver Building and Woodhouse Building but not others; this is normal. • If the fire alarm sounds in the building you are in, proceed along the nearest safe evacuation route. • Signs will light up above doors that connect to areas that you must not enter.
<p>Alarm tests:</p>	<ul style="list-style-type: none"> • The fire alarm audibility test is undertaken on Thursdays. • The test will last for no more than 15 seconds. • If an alarm sounds for more than 15 seconds or on any other day, you must evacuate.
<p>Evac-chairs</p> 	<ul style="list-style-type: none"> • Evac-chairs are available to evacuate mobility-impaired people from levels above Ground. • These are located in the central stairwell between the Calverley and Portland Buildings on floors 1, 3, 5, 7 and 9.
<p>Refuges and Intercoms</p>	<ul style="list-style-type: none"> • These are located in the central stairwell between the Calverley and Portland buildings, on all floors above ground level (excluding floor 10). • The landings in the protected stairwell at the west end of the building (nearest the Central Student Village) do not have intercoms but can be used as a temporary refuge, where you will be safe for at least 30 minutes if the fire doors are closed. • The landings in the protected stairwell at the east end of the building (nearest Portland Way) also have intercoms on all floors above ground. • If there is no intercom and you need assistance, call the University's Security Emergency number on 0113 812 4444.
<p>Final exits with level access</p>	<ul style="list-style-type: none"> • All final exits from the Calverley Building have level egress. <p>(Note: the final exit from the stairwell in the Portland Building that is closest to Portland Way has some downward external steps).</p>
<p>Lifts</p> 	<ul style="list-style-type: none"> • The lifts cannot be used in the event of the fire alarm being activated.
