Summary of general arrangements

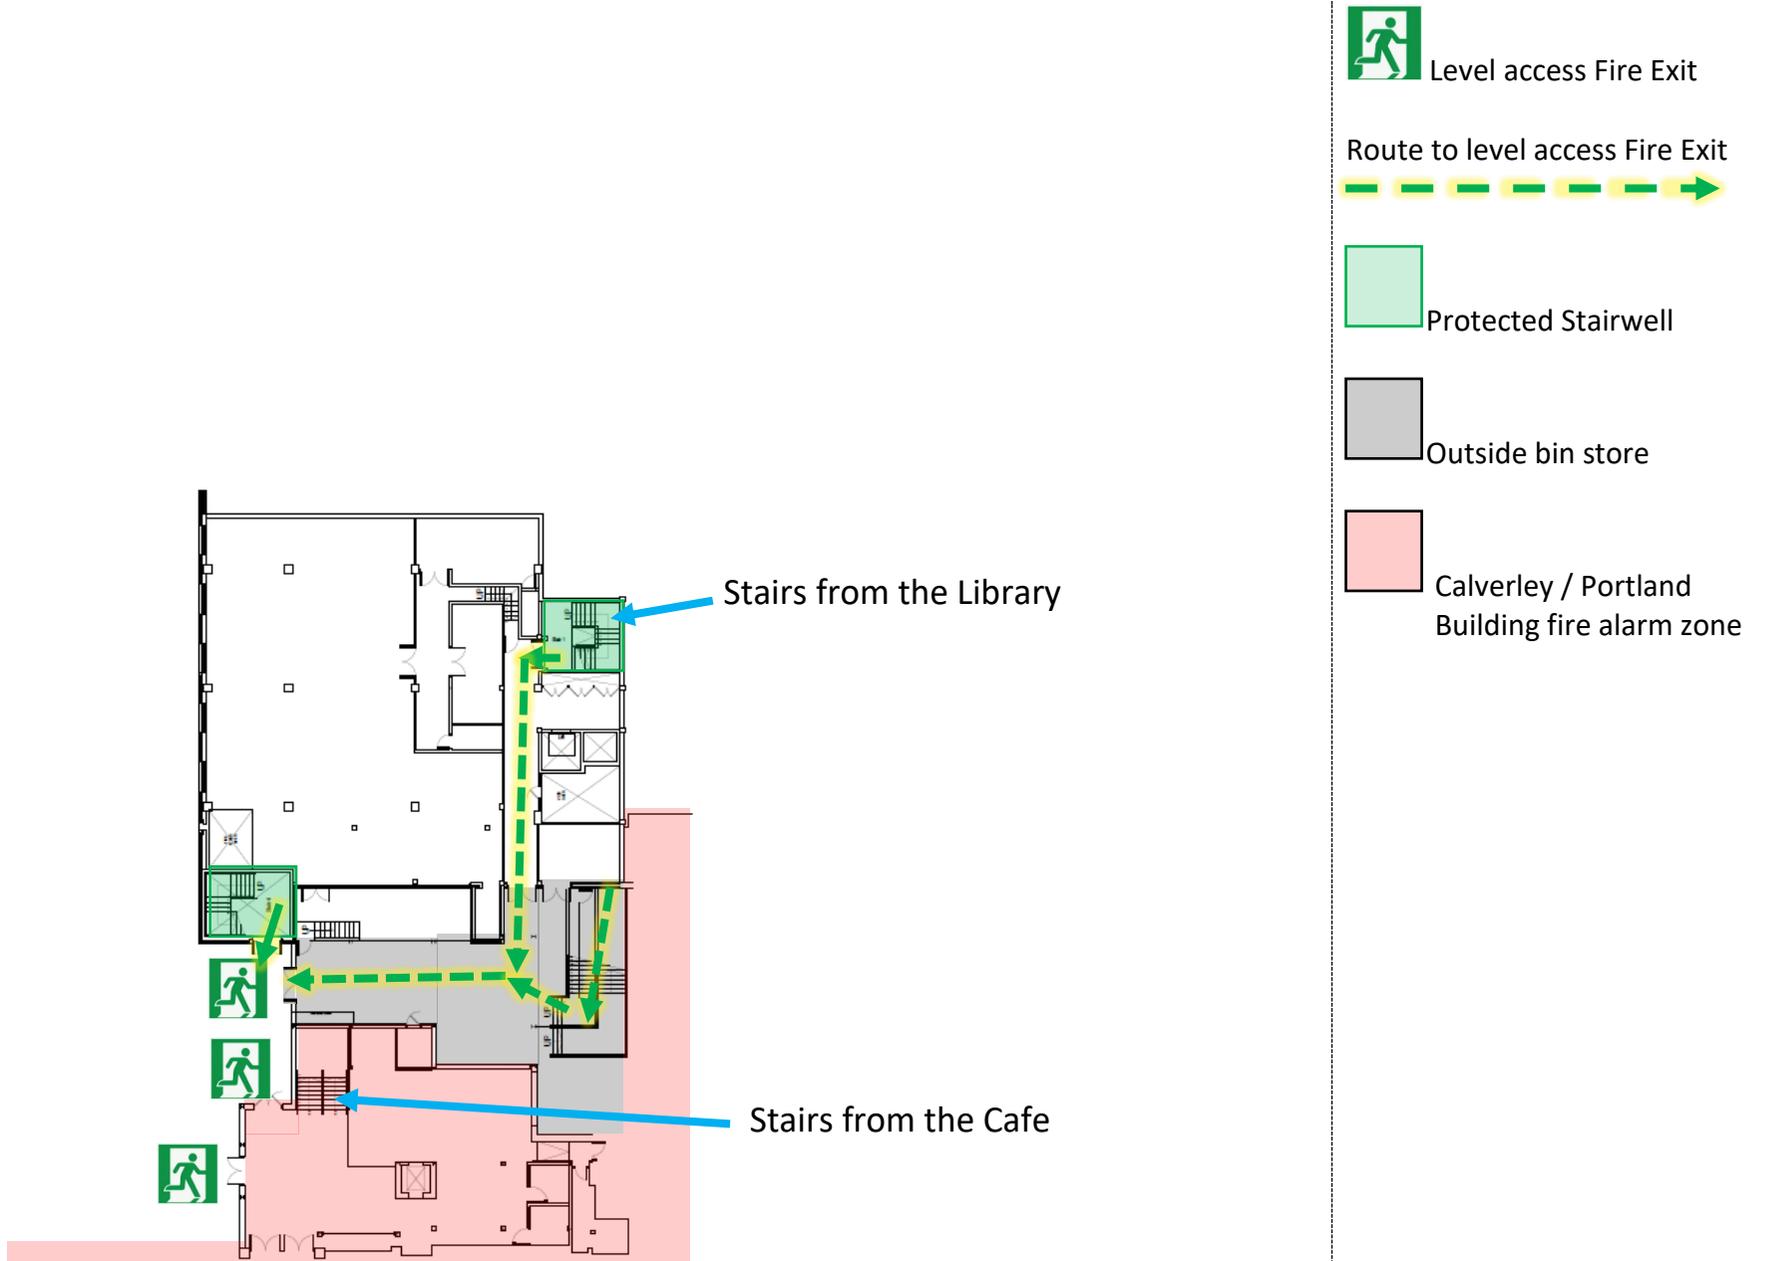

<p>Fire alarm zones</p>	<ul style="list-style-type: none"> • Note that the Leslie Silver Building interconnects with the Calverley Building, Portland Building and Woodhouse Building. • The fire alarm might sound in those buildings but not in the Leslie Silver Building; this is normal. The building can effectively be treated as a separate building because of the fire doors and other structural elements designed to prevent / slow the spread of fire. • The fire alarm will sound in the Leslie Silver Building if a fire is detected in the Leslie Silver Building or if it spreads to the Leslie Silver Building from one of the other buildings.
<p>Alarm tests</p>	<ul style="list-style-type: none"> • The fire alarm audibility test is undertaken on Thursdays. • The test will last for no more than 15 seconds. • If an alarm sounds for more than 15 seconds or on any other day, you must evacuate.
<p>Evac-chairs</p> 	<ul style="list-style-type: none"> • An evac-chair is available to evacuate mobility-impaired people from levels above Ground. • The evac-chair is located behind the Security reception desk near the main entrance on the Ground floor.
<p>Refuge Points and Intercoms</p>	<ul style="list-style-type: none"> • The stairwells shaded in green on the floor plans below are protected stairs, and the landings of those stairwells can be used as a temporary refuge that is safe from smoke and flame ingress for at least 30 minutes when the fire doors are closed. • Emergency intercom points are located in the main lift lobbies and protected stairwells on floors 1, 2 and 3 (but not floor 4 or Ground floor). • In areas without an emergency intercom, communication with the evacuation management team can be made by phoning the University's Security Emergency number on 0113 812 4444.
<p>Final exits with level access</p>	<ul style="list-style-type: none"> • All final exits have level egress.
<p>Lifts</p> 	<ul style="list-style-type: none"> • The lifts cannot be used in the event of the fire alarm being activated.
