

YOUR APPLICANT DAY SCHEDULE

SATURDAY 9 MARCH 2019

Check In

Thank you for booking onto an Applicant Day. This is a fantastic opportunity to explore your course in more detail and meet your future course-mates. When you arrive on the day, please remember to check in at the [Student Hub at Headingley Campus](#) where we will give you details about your course sessions and will answer any questions you might have. Our check-in desk is open from 09:30 - please try to arrive around 30 minutes before your first activity.

Science of Sport Performance

Session	Start	Finish
<p>Welcome Talk & Course Presentation</p> <p>This presentation will provide you with a brief overview of your chosen course, including an introduction to the course team, details of the course structure, the exciting new campus facility developments and career prospects.</p>	10:00	10:50
<p>Interactive Workshops and Free Time for Lunch, Accommodation and Campus Tours</p> <p>During this period, you will have the opportunity to take part in the following two interactive workshops, each 50-minutes in length, as well as enjoy an hour's free time for lunch, or to take part in any of the tours listed over the page.</p> <p>The order in which you take part in these workshops will vary depending on which group you are assigned to on the day.</p> <p>Workshop 1 – Biomechanics</p> <p>This session will provide an interactive simulation of the applied nature of biomechanical principles in the analysis of explosive power. Our biomechanics lecturers will demonstrate some of our state-of-the-art equipment, from force plates and high-speed cameras to the analysis of muscle activity through electromyography, and they will show how you will use hands-on learning to tailor your approach to various sport performers.</p> <p>Workshop 2 – Psycho-physiology</p> <p>This interactive session will explore the links between physiology and psychology using examples of biofeedback relevant to sport performance. With the help of our student volunteers put through their paces you will gain an understanding of the relationships amongst deception, perceived exertion and physiological response to exercise. You will experience first-hand how staff research and applied practice will inform your learning on this course.</p>	11:00	14:00
<p>Open Drop in Session</p> <p>We do not want you to leave with any unanswered questions. Please feel free to pop in and share any questions and comments before departing. This opportunity will be facilitated by members of our course team whom you will have met throughout the day.</p>	14:00	14:50
