# WELCOME TO LEEDS BECKETT UNIVERSITY

We are delighted to welcome you into the research community here at Leeds Beckett University. Undertaking a research degree can be a challenging activity, so you must be prepared to work hard, keep organised, commit fully to your programme of study and complete within the given timescales. The rewards for doing it well, though, are significant – intellectually, personally, and even – maybe – financially.

To help you prepare for starting your programme of study we have provided some useful information and necessary steps for you to do before induction.

# THINGS TO DO BEFORE YOU ARRIVE

Please complete the following before you arrive on campus

1. Complete your online registration and enrolment (page 4).
2. Arrange payment of your tuition fees (page 5).
3. Confirm your attendance at Induction (page 7).
4. Familiarise yourself with the research student journey (page 8).
5. Access the online virtual system and familiarise yourself with your student email (page 9).

## 1. REGISTER AND ENROL ONLINE

### Accepting your place

All students are required to register and enrol online before arrival at the university. You will receive an email once the online enrolment for your research award opens, and must complete this process by **30th September 2018**.

<https://welcome.leedsbeckett.ac.uk/main/index.htm>

The user guide will help you to complete this:

<https://welcome.leedsbeckett.ac.uk/docs/tq-ore-student-guide.pdf>

### Create an account

Go to [welcome.leedsbeckett.ac.uk/main/index.htm](https://welcome.leedsbeckett.ac.uk/main/index.htm)

New students, click 'create an account'.

Choose academic year 2018-19, date of birth, student id (included in the body of the email containing your offer letter). This will take you to a page where you create a password.

### Enrol online

Log in to your account. You will be guided through a series of screens and asked to confirm:

- Your personal details (including your full name, as it appears on your passport) are correct.
- That you have read the Student Agreement and agree to abide by all the rules and regulations of the university.
- Who will be paying your fees. If you are having your fees paid by your employer or are in receipt of a studentship, you need to select '**Other loan paid directly to the university on my behalf**' and include the information of the sponsor. It is **your** responsibility to provide the Graduate School with proof of sponsorship, even if this funding is internal to the University.

When you have completed the process you will see a confirmation screen: 'Thank you for completing your enrolment online'. The process is not complete until you see this screen. **You will now have access to all university systems.**

**Please note:** If you require a visa to study in the UK, you must complete the 'International check in' before you will be permitted to enrol (see International Student section)

### Student Info

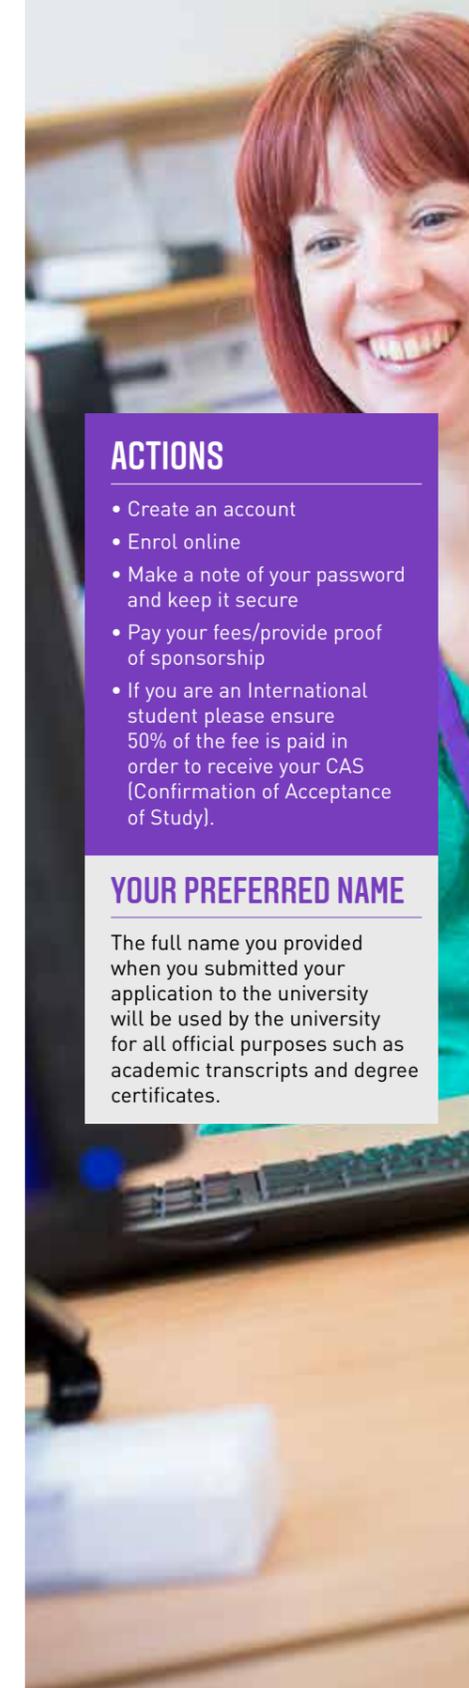

Much of the information that the university holds centrally about you is accessible online via the Student Hub. Please ensure that your information is kept up to date throughout your studies, i.e. term time address, home address, contact number.

### ACTIONS
